## Education

2019-present	<b>BSc. (Computer Science)</b> 80.04% Savitribai Phule Pune University	MIT Arts, Commerce & Science College (Alandi D.)
2018-2019	<b>Class 12</b> 68.15%   PCMB State Board of Maharashtra	Janki Devi Junior College (Bhosari)
2016-2017	<b>Class 10</b> 76.67% State Board of Rajasthan	Shri Hari Adarsh Senior Secondary School (Jodhpur)

## Projects

August-2021	<b>Current Weather Forecasting</b> (BSc. (CS) Project, 4 <sup>th</sup> Semester) The idea behind this project was to create a web application for forecasting the current weather details using API. Main challenge was to create a responsive website and I was able to do that. Weather details of any city from world-wide can be get through this web app by simply entering city name. Used technologies are HTML, CSS and jQuery.
Aug-Sep-2021	<b>DSApont Web App</b> (BSc. (CS) Project, 4 <sup>th</sup> Semester) Most of the time students are facing problem to find relevant and understandable DSA concepts and most of the website holds too much of information. So, to get relevant information of DSA concepts I have made a web application which holds the most relevant and easy to understand concepts of DSA. The website is still under development and it will also provide other facilities too.

## Internships & Trainings

July-2021	- Four Weeks <b>Blockchain Certification Training</b> (Online).
-----------	-----------------------------------------------------------------

## Technical Skills

Languages	C and C++
Web Technologies	HTML, CSS, JavaScript
DBMS	SQL, PL/pgSQL

## Interests

- Software Development
- Web Development
- Machine Learning

## Achievements

- Secured 79.63 percentile (PCM) in MHT-CET 2019 exam.
- Achieved 'Best Student' reward certificate in 12th standard.
